

GENOA LIVESTOCK

POWERFUL HEREFORD GENETICS FOR THE RED BLUFF BULL SALE
JANUARY 28, 2012

GENOA REVOLUTION 10007 Polled – Reg. No. P43121817
BW +2.7 • WW +60 • YW +101 • Milk +17 • SC +.8 • REA +.40 • MARB: +.06

GENOA REVOLUTION 10062 Polled – Reg. No. P43132361
BW +3.4 • WW +56 • YW +86 • Milk +25 • SC +.9 • REA +.70 • MARB +.04

We are pleased to offer these exceptional Polled Hereford bulls (pictured above) at the 2012 Red Bluff Bull Sale. Both bulls are sired by MSU TCF Revolution 4R – one of the leading bulls in the registry for 2010. The pairing of this sire with two of the top producing cows in our herd make for two highly desirable breeding prospects. MSU Revolution is known for calving-ease along with being in the top 1% of WW and YW EPDs. These young bulls combine both high growth and carcass merit and would be great additions to any breeding program.

– OUR RANGE BULL OFFERING –

GENOA DOMINO 10015 Reg. No. 43113084

GENOA DOMINO 10027 Reg. No. 43113100
